

Purposeful Leadership

Being In Your *Right* Mind For Creative Solutions

Develop your creative problem solving skills for creating the dynamic solutions required for today's environment. The workshop will include discovering the appropriate application of left brain and right brain thinking and how to use each hemisphere effectively. "Out-of-the-box" thinking is a skill that can be developed, and it can be fun! Increase the number of people in your organization who think creatively about today's business opportunities. Find out which of the four major roles of creative thinking fits you best.

PURPOSE:

Develop confidence and skills for creative thinking.

LEARNING OBJECTIVES:

- Discover how to access your creative mind;
- Implement the use of wonder-FULL questions;
- Tap into new perspectives for solving old issues;
- Capitalize on your natural style of creative thinking;
